Total Revenue	Avg Order Value	Revenue at Churn Risk	Champion Revenue %

Q1. Where is our revenue actually coming from, and is that healthy?
65% of revenue comes from just 957 'Champion' customers (22% of the base). This is a concentration risk, not just a success story — losing a handful of these accounts would materially hurt revenue.
See: Customer Segments (RFM).

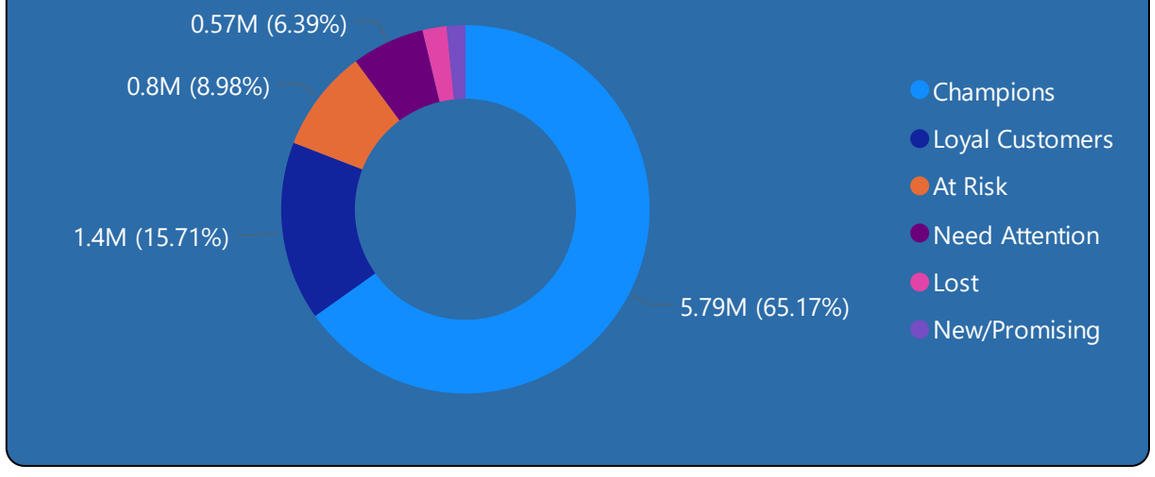

Q2. Are we growing by acquiring customers, or just re-selling to the same ones?
New-customer revenue share fell from ~16% (Sep-Oct) to ~12% (Nov). Growth is increasingly dependent on repeat buyers — acquisition marketing may be under-invested.
See: Growth Mix.
